

## Stage „Tomorrow can wait“

### Minimum stage dimensions:

width 4,20m, with handling 5m

depth 3,30m

Height 3m

Either ascending rows of seats or stage platform 0.40-0.80m high

With stage platform: sum height 3,40m

Distance stage to the first row of chairs at least 2m, in theatres 3m

Stage platform minimal depth 5m, Width 6m

2x16A/220V sound and light separated, on the left side of the stage (in small rooms 1x16A)

Dark room! (the play is a shadow play!)

Max. 300 audiences

Duration approx. 60 minutes without break

We bring the entire technology (light, sound, stands), but if possible, we control the hall light and front spots of your house. For this we need your DMX cable on the right side of the stage (see from audience)  
Front spots: Either 2x PC with barn doors and 2 Profil, or 4x PC with barn doors

Helpers for unloading and loading

1 parking place at the theatre and hotel for 1 van

set up

approx. 3h-4h

set down approx. 2h

Attention!

Smoking during the performance
